

Watershed Rehabilitation

April 2009

Introduction

is dam rehabilitation project will create or save jobs during the construction period, protect homes, agricultural land, and public works from dam failure, and provide water for 20,000 people.

Location: Adair County, 2nd Congressional District

Reinvesting in Sallisaw Creek

Watershed Dam No. 18M, Oklahoma

Federal Funding: \$4,160,000

Project Description

Sponsor Funding: \$2,153,850

e dam will be brought up to current safety standards. It is classified as high-hazard due to a 2006 study that shows 24 homes, a church, and a water treatment and pumping facility would be inundated if the dam failed. dam's height will be raised by 3.4 feet, and existing spillways will be replaced.

Partners

- USDA, Natural Resources Conservation Service
- **Adair County Conservation District**
- City of Stilwell
- Stilwell Area Development Authority
- Oklahoma Conservation Commission

Sallisaw Creek

The Sallisaw Creek Watershed Dam is located four miles southwest of Stilwell, in Adair County.

Bene ts

Rehabilitation of the dam will increase public safety and provide \$20.7 million in flood-reduction benefits over the dam's 100-year life. created by the dam provides 3,000 acre-feet of municipal water storage for the Stilwell Area Development Authority.

Funded through the American Recovery and Reinvestment Act (ARRA) of 2009, this project is part of the Obama Administration's plans to modernize the nation's infrastructure, jump-start the economy, and create jobs. NRCS is using Recovery Act dollars to update aging flood control structures, protect and maintain water supplies, improve water quality, reduce soil erosion, enhance fish and wildlife habitat. and restore wetlands. NRCS acquires easements and restores floodplains to safeguard lives and property in areas along streams and rivers that have experienced flooding.

The dam provides 3,000 acre-feet of municipal water storage.

Reinvesting in Sallisaw Creek Watershed Dam No. 18M, Oklahoma

Statewide Perspective

Sallisaw Creek Watershed Dam No. 18M, one of 34 dams in the 185,280-acre watershed, is part of a vital network of 2,105 dams in 121 NRCS-assisted watershed projects in Oklahoma. ese dams make up a \$2 billion infrastructure and provide \$75 million in annual flood-protection benefits.
